Title: Vampyr Gods

Author: Ultima

Vampires... full  
blooded Vampires are  
almost extinct. Half  
bloods, like myself,  
and others, however,  
are not. This is a  
study of Vampiric  
Gods and Goddesses.  
Analin: the Vampiric  
god of the afterlife.  
My family has ties  
with Analin from  
many generations ago.  
He is very cryptic  
and enjoys puzzles.

Poj: The Vampiric  
god of wisdom. The  
son of Oppona and  
Ventis, he was raised  
by Analin when his  
parents deserted him.

Oppona: The Vampiric  
goddess of lightning.  
She is very rash and  
has a short temper.  
She often makes  
descisions without  
thinking.

Ventus: The  
Vampiric god of war.  
Like his wife,  
Oppona, he has a  
short temper. He  
enjoys conflict, and  
causes wars.

Holinus: The  
Vampiric goddess of  
daylight, sister to  
Oppona. She is the  
bringer of sunlight,  
and the enemy to the  
Vampires.

Lyorp: The Vampiric  
god of Fire. His  
favourite thing in the  
world is blood. He  
cannot get enough, and  
often consumes entire  
blood elementals.

Erythnul: The  
Vampiric god of  
Spirituality.  
Unfortunately, any  
more information of  
this God is unknown.  
That is a study on  
Vampiric gods and  
goddesses. There  
seem to be some  
vampires with godly  
blood in their families,  
mine included. If  
anyone knows more  
about this, please  
contact me.
